

2026 Oregon Coast Amateur Rule Amendments

USGA rules govern all play

Play the ball down

All Putts must be holed. No Gimmes.

Any lost ball or ball deemed to be in a gorse bush natural Area or any ball that is not Retrievable will be played as a lateral hazard

Follow USGA rules for hazards marked by Red stakes or yellow stakes

Players in division 3, 4 and 5 may pick up after triple bogey for pace of play

Balls that have come to rest in divots in the Fairway or have come to rest on any netting are given free relief within one Club length

If there is standing water on a green, and the standing water is between your ball and the hole, you may take the nearest point of relief up to 360°. No penalty.
The putt must remain in the same length

If a green is saturated with water and deemed not playable, then players may take an automatic three putt.

Pace of Play averages 4 hours to 4 hours, 15minutes. Keep up with the group in front of you. Your caddies will help you pick up the pace.

If your ball lies in a red/green staked area, you must take relief as it is considered a no-play zone.
